

SMGA Website

The website address is smga.azgolf.org. This site is accessible via PCs, MACs, tablets or any smartphone. The presentation will adapt to the device in use. You may use any of your devices at any time. The website is available 24/7/365 and is updated frequently.

The website navigation is fairly straightforward with various pages presenting lots of information pertinent to the SMGA membership.

The menu bar with drop-down options is at the top on the page. Direct links to other pages, documents in PDF format or external links are highlighted in [blue font](#). Everything you want to know about the SMGA is available on this website (poke around, you cannot break it).

Some Key Features

Using the above link you will land on the FRONTPAGE (Home). On this page you will find in the top section most everything you need for SMGA activities.

The **Tournament Desk** – here you will find current information about upcoming tournament play, a link to recent payouts, the current calendar, game descriptions and more.

Other desks including recent notes from the **SMGA President**, the **Handicap Chairman** and the **Rules Chairman**. There is also a desk for the **Website Manager**.

The right side contains various documents, useful links and some direct email links. This is a great place to start for anything pertaining to golf in SADDLEBROOKE.

There is roster of the SGMA membership available. For security reasons this is password protected. The PW is provided once you join the SMGA. There is an unprotected telephone list of the membership. This can be used on your smartphone to look up members and initiate a direct call by tapping on the telephone number.

There is a **Sponsors Page** showing all the local business that contribute to the success of the SMGA. Some have direct links to the business website. Most have telephone numbers. Please think of the businesses when you look for products and/or services. Reference the SMGA and you may get a discount!

There is much more on the website, but this should get you started. Since its launch in April of 2024, over 17,000 visits to the various pages have been recorded. Your questions and suggestions are always welcome.

Welcome,

Merritt Harrington, smgawebsite2024@gmail.com
